

**Facilitator(s):** Cam Gale; Tom Folks

**Initial Evaluation Date:** 3/14/2019

**Evaluators:** **Bill Stevens**, ORP - Wilderness/WSA/LWC  
**Todd Murdock**, Outdoor Recreation Planner (Permits)  
**Lisa Wilkolak**, Realty Specialist  
**Gabe Bissonette**, Aquatic Ecologist  
**Ashley Losey**, Archaeologist  
**Katherina Diemer**, NRS  
**Greg Halliday**, County Council  
**Bill Jackson**, County Roads  
**Liz Cresto**, Realty Specialist

**Doug Wight**, GIS Specialist  
**David Williams**, Range Conservationist  
**Pam Riddle**, Wildlife Biologist  
**Adam Robison**, Resource Specialist  
**David Pals**, Geologist  
**Katie Stevens**, Outdoor Recreation Planner  
**Jordan Davis**, Assistant Field Manager  
**Shea Owens**, Policy Analyst

<b>TMA:</b>	Labyrinth Canyon/Gemini Bridges		
<b>Length:</b> 0.66 mi.	<b>Width:</b> Dual Track	<b>Class:</b> Primitive Roads	<b>Use Level:</b> Low
<b>Route Type(s):</b>	Loop		
<b>Surface:</b>	None identified by IDT		
<b>Origin:</b>	None identified by IDT		
<b>Jurisdictions:</b>	BLM		

**Additional Information:** None.

### General Evaluation Questions

<b>Does this route:</b>	
• either wholly or in part, have a right-of-way grant or is it simply an officially-recognized route maintained by a county or another government agency?	<b>NO</b>
• provide commercial, private property, or administrative access, e.g., via permit, ingress/egress rights or other jurisdictional responsibility?	<b>YES</b>
• provide a principal means of connectivity within a Travel Management Area or Management Zone?	<b>NO</b>
• exist as a result of a previous agency land use or implementation-level planning document decision and is managed as a transportation facility asset?	<b>NO</b>
• provide an important linkage between Travel Management Areas or Management Zones?	<b>NO</b>
<b>Does this route provide network connectivity that contributes to recreational opportunities, access to specific recreation sites, public safety, or other public multi-use access opportunities enumerated in agency Organic laws?</b>	<b>YES</b>
<b>Might the continued use of this route potentially impact:</b>	
• State or Federal special status species or their habitat?	<b>YES</b>
• cultural or any other specially-protected resources or objects identified in Agency planning documents?	<b>YES</b>
• any special area designations, e.g., National Monuments?	<b>YES</b>
• any other resources of concern?	<b>YES</b>
<b>Can the anticipated potential impacts to the identified resources be avoided, minimized, i.e., reduced to acceptable levels, or be mitigated?</b>	<b>YES</b>
<b>Can the commercial, private property, recreation or public uses of this route be adequately met by another route or routes that may minimize impacts to the resources identified as part of this evaluation or that may minimize cumulative effects on various other resources?</b>	<b>YES</b>
Route D1042 may meet the various needs of this route while minimizing impacts or cumulative effects.	

## Evaluation Information

### Commercial, Administrative, Property and Economics

The following items help to identify the purpose and need of this route. This route provides access to the following facilities and/or jurisdictions for the purpose of carrying out administrative and/or authorized operations or for jurisdictional access.

**Primary Access** (*leads directly to the listed jurisdiction or facility, and IS the main route used for access*)

Type	Description
Lease Facilities	R.S. 2477 claim
Range Facilities	Active Allotment

**Alternate Access** (*leads directly to the listed jurisdiction or facility, but IS NOT the main route used for access*)

Type	Description
None identified by IDT	

**Link Access** (*does not lead directly to the listed jurisdiction or facility, but is required to access a primary access route*)

Type	Description
None identified by IDT	

### Recreational Uses

The following items help to identify the purpose and need of this route. This route:

- provides public travel access to the listed recreation sites using the listed travel modes, and/or
- provides for recreational activity and experience opportunities in the area, and/or
- provides important route network connectivity for recreational access between two or more other routes.

**Primary Access/Uses** (*main route used to access the destinations or use activities listed*)

Type	Description
Activities	Jeeping/4-Wheeling
Modes of Transportation	Stock 4 Wheel Drive

**Alternate Access / Secondary Uses** (*used to access the destinations or use activities listed, but not considered the main route*)

Type	Description
None identified by IDT	

**Link Access / Infrequent Uses** (*rarely used to access the destinations or use activities listed*)

Type	Description
None identified by IDT	

### Resource and Use Issues

The following items help to identify potential natural and cultural resource issues associated with the location and use of this route. This route is located in, leads to, crosses, or is within a set distance of the following resources or issues.

Resource Type	Description
Biomes	In Salt Desert Shrub
Managed Species	In Desert bighorn sheep yearlong habitat In Raptor nest
Special Status Plants	Crosses Navajo sedge potential geology
VRM/RSC	In VRM Class III - Partially Retain existing char.
Special Management Areas	In SRMA - Special Recreation Management Area
Water Resources	Leads to Ephemeral stream
Misc. Resources	In Erosive Soil - Moderate Potential (Wind) Crosses High-Use Filming Location

**Note:** Specific sensitive resources, such as cultural resources, paleontological resources, or threatened or endangered species are not listed in this report for their protection, but were considered during the evaluation of this route.

## Potential Alternative Route Designations

Alternative A (Current Management, No Action Alternative)
<p><b>Area Designation:</b> Limited to Designated Routes</p> <p><b>Route Designation:</b> Open</p> <p><b>Specific designations by user type:</b></p> <p style="padding-left: 40px;"><b>OHV Public:</b> <u>Designation per 43 CFR § 8342.1: Open</u> - The public may use this route by all motorized modes of transportation, year-round.</p> <p style="padding-left: 40px;"><b>Non-motorized Public:</b> The public may use this route by all non-motorized modes of transportation, year-round.</p> <p style="padding-left: 40px;"><b>Authorized/Permitted Users:</b> Authorized users may use this route by all modes of transportation, year-round. <i>Additional users may be authorized by the BLM through future authorizations.</i></p> <p style="padding-left: 40px;"><b>Administrative/Official Users:</b> All Federal, State and Local agencies may use this route by all modes of transportation, year-round.</p>
Alternative B
<p><b>Comprehensive Designation:</b> CLOSED This route will be decommissioned and not managed as a BLM transportation asset. Unless otherwise signed, cross-country foot and animal use is allowed in the area.</p> <p><b>OHV Public: Designation per 43 CFR § 8342.1: Closed</b></p> <p><b>Specific Designation Criteria Addressed and Relevant to Route Issues:</b></p> <ul style="list-style-type: none"> <li>• 43 CFR § 8342.1 (a) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, air, or other resources of the public lands, and to prevent impairment of wilderness suitability.</li> <li>• 43 CFR § 8342.1 (b) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats. Special attention will be given to protect endangered or threatened species and their habitats.</li> </ul> <p><b>How Designation Addresses Criteria Above:</b> Closing this route, along with natural reclamation, would reduce visual contrast created by the route. Closing this route would contribute to retaining or restoring vegetation and soil cover, minimizing the potential for soil erosion. Closing this route minimizes the potential for route proliferation on public land.</p> <p><b>Designation Criteria Addressed but Not Relevant to Route Issues:</b> <i>(no known conflicts among users or no known resource concerns to minimize for)</i></p> <ul style="list-style-type: none"> <li>• 43 CFR § 8342.1 (c)</li> <li>• 43 CFR § 8342.1 (d)</li> </ul> <p><b>Closure Method:</b> Sign Closed; Natural rehabilitation</p>

## Alternative C

### **Comprehensive Designation:**

CLOSED

This route will be decommissioned and not managed as a BLM transportation asset. Unless otherwise signed, cross-country foot and animal use is allowed in the area.

### **OHV Public: Designation per 43 CFR § 8342.1: Closed**

### **Specific Designation Criteria Addressed and Relevant to Route Issues:**

- 43 CFR § 8342.1 (a) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, air, or other resources of the public lands, and to prevent impairment of wilderness suitability.
- 43 CFR § 8342.1 (b) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats. Special attention will be given to protect endangered or threatened species and their habitats.

**How Designation Addresses Criteria Above:** Closing this route, along with natural reclamation, would reduce visual contrast created by the route. Closing this route would contribute to retaining or restoring vegetation and soil cover, minimizing the potential for soil erosion. Closing this route minimizes the potential for route proliferation on public land.

### **Designation Criteria Addressed but Not Relevant to Route Issues:**

*(no known conflicts among users or no known resource concerns to minimize for)*

- 43 CFR § 8342.1 (c)
- 43 CFR § 8342.1 (d)

**Closure Method:** Sign Closed; Natural rehabilitation

Alternative D	
	<p><b>Comprehensive Designation:</b> LIMITED</p> <p><b>Comprehensive Designation Type:</b> This designation limits use of this route to authorized users only.</p> <p><b>Vehicle limits by user type:</b></p> <p style="padding-left: 100px;"><b>OHV Public:</b> <u>Designation per 43 CFR § 8342.1: Closed</u> - The public may not use this route by any motorized modes of transportation, year-round.</p> <p style="padding-left: 100px;"><b>Non-motorized Public:</b> The public may use this route by all non-mechanized modes of transportation, year-round.</p> <p style="padding-left: 100px;"><b>Authorized/Permitted Users:</b> Currently authorized users may use this route by all non-mechanized modes of transportation, year-round. <i>Additional users may be authorized by the BLM through future authorizations.</i></p> <p style="padding-left: 100px;"><b>Administrative/Official Users:</b> All Federal, State and Local agencies may use this route by all modes of transportation, year-round.</p> <p><b>Designation Criteria Addressed and Relevant to Route Issues:</b></p> <ul style="list-style-type: none"> <li>• 43 CFR § 8342.1 (a) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, air, or other resources of the public lands, and to prevent impairment of wilderness suitability.</li> <li>• 43 CFR § 8342.1 (b) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats. Special attention will be given to protect endangered or threatened species and their habitats.</li> </ul> <p><b>How Designation Addresses Criteria Above:</b> By limiting access on this route to only administrative and/or permitted use, the potential for impacts to documented resources would be reduced, due to lower traffic volume, low speeds and no public motorized use. Due to the low traffic volume and speeds expected on this route, allowing its continued use would contribute to minimizing the overall route network's potential for causing undue and unnecessary soil erosion, habitat disruption and/or vegetative damage.</p> <p><b>Designation Criteria Addressed but Not Relevant to Route Issues:</b> (no known conflicts among users or no known resource concerns to minimize for)</p> <ul style="list-style-type: none"> <li>• 43 CFR § 8342.1 (c)</li> <li>• 43 CFR § 8342.1 (d)</li> </ul>
