What a bunch of hypocrites you all are. Why are you NOT concerned about ALL the sage grouse that will be harmed with the construction and everyday operation of the Uinta Basin railway <https://uintabasinrailway.com>? Why is it okay to destroy the sage grouse on private land but not BLM land? You hypocrites need to stop wasting tax payer money. The sage grouse in this area is just as important as it is in other areas. Why are you allowed to pick and choose where to save them at?
