

Re: Cancel Oil and Gas Drilling Lease Sales

Bureau of Land Management,

The proposal for the upcoming oil and gas lease sales threaten our most critical public lands. Fossil fuel extraction threatens to poison public lands and pollute surrounding communities. We cannot prioritize oil and gas drilling over the health of people and the planet.

Continuing to extract and burn fossil fuels in the midst of a global climate crisis is a grave mistake. Recent wildfires and intensifying hurricanes demonstrate the dangers of what's to come if we continue to allow public lands to be a tool for the fossil fuel industry to line their pockets.

I urge you to cancel the upcoming oil and gas lease sale on our public lands.

Sincerely,
