Dear Nicole Hayes,

I am writing to provide input on the EIS to implement an oil and gas leasing program within the Arctic National Wildlife Refuge Coastal Plain. I urge you to consider the importance of maintaining the integrity of this area for wildlife, for our climate, for biodiversity, for life.

There are very few areas of the planet left that have the ecological integrity of the Arctic National Wildlife Refuge. We cannot allow this area to be compromised by habitat destruction and the threat of contamination from oil exploration or exploitation.

Please do not proceed with any leases within the Arctic National Wildlife Refuge, and continue to protect the ecological integrity of this area. Our very lives depend on it.

Thank you for your consideration,

Robin
