To Whom It May Concern:

Teddy Roosevelt quote: "Here is your country. Cherish these natural wonders, cherish the natural resources, . . . Do not let selfish men or greedy interests skin your country of its beauty, its riches or its romance."

Or another of his quotes:

"I recognize the right and duty of this generation to develop and use the natural resources of our land, but I do not recognize the right to waste them, or to rob, by wasteful use, the generations that come after us."

Please consider a larger and more comprehensive view in your resource management.
