To: Interior Department Bureau of Land Managment <blm_ak_coastalplain_EIS@blm.gov>

Interior Department Bureau of Land Managment,

Allowing the oil and gas industry to destroy this wild and sacred landscape is unacceptable. Drilling has no place here and is simply not needed.

This area is known to the local native Gwich'in people, as "Iizhik Gwats'an Gwandaii Goodlit" — the Sacred Place Where Life Begins. Respect these people and this land by keeping it pristine. Please.

Rick Alexander
