I am opposed to any oil/gas exploration and/or extraction in the Arctic National Wildlife Refuge. We need to leave this cold,pristine area alone - it should not get contaminated by people or oil/gas.

I have two farms in Iowa that have recently been adversely affected by the Dakota Access Pipeline (against our will). Now this pipeline and its owner, Energy Transfer Partners, are exporting that oil overseas. And the big argument for it was to have energy independence for our country. NOT!!!!

Sincerely,

Kristin Frish
