To the Bureau of Land Management,

Please do NOT approve the Coastal Plain Oil and Gas Leasing Program which will allow the Interior Department to expedite the leasing and auctioning of 400,000 (or more) acres in the Arctic Refuge for drilling.

We have a surplus of oil and gas leases already and with fracking in the lower 48 states we have been able to cut our dependence on foreign oil considerably. The Arctic Refuge is a unique, pristine and extremely sensitive environment and it is our responsibility to protect it for the good of our planet and future generations.

Please do not allow oil and gas drilling in our unique and magnificent Arctic National Wildlife Refuge.

Very Sincerely,
Joan Minkler Harrison
17071 10th Ave NW
Shoreline, WA 98177
