Dear Bureau of Land Management,

I strongly oppose efforts to develop an oil and gas program in the Arctic National Wildlife Refuge. This treasonous destruction of our country needs to STOP once and for all. The U.S. MUST stop trying to turn the clock back and step up and embrace clean energy. Due to people like Trump wanting to line their pockets and take kickbacks from massive polluters this country has degraded horribly. We are no longer the world's superpower. WHY do Republican politicians continue to cling to the desire to destroy this country? Is it strictly greed and ignorance? And cowardice? Is that how you want to be remembered?? STOP breaking the law and trying to irreparably harm our country and our citizens!!

Sincerely,  
Sue Hayden  
Bahama, NC 27503
