Dear Sir or Madam:

I would like to comment on the ANWR Leasing EIS. I am 100% opposed to any and all hydrocarbon drilling on ANWR. This is a federal wildlife refuge – it is supposed to be a sanctuary for wildlife, not a way to make money. It is a finite resource. What do we do with the spoiled land after all the oil is gone? Spills will happen – it is just a matter of when. The current administration has called for an expedited review process for the drilling – this is wrong – it deserves a full examination.

Thank you for listening.

David Hill

Graham, NC
