To Whom it May Concern,

I am a resident of a coastal Alaskan town and strongly disapprove of opening up ANWR to drilling. The ecosystem is much too fragile and will suffer irreversible damage. In addition, opening up ANWR to drilling will set a precedent that will threaten other national preserves. We should be focusing on exploring alternatives to the oil and gas industry; redirect these companies towards cleaner energy. It is our duty as Alaskans to protect what little nature we have left.

Leave Alaska Wild.

Thank you,

Tania Harrison
