Dear Secretary Zinke,

Regarding DOI's intent to begin selling leases for oil and gas drilling in the Arctic National Wildlife Refuge (ANWR), I view such actions as irresponsible and unacceptable.

It is dissapointing that this Administration has put politics above protection of treasured public lands. The Arctic Refuge is no place for oil and gas drilling and oil and gas activities should not be allowed on the Coastal Plain of the Arctic Refuge.

I urge you today to abandon any consideration of oil and gas drilling in the Artic Refuge.

Sincerely,

Kenneth Jones
