To the Bureau of Land Management,

The Arctic National Wildlife Refuge ANWR is a crown of American beauty - please don't permanent destroy this national treasure to and bend to the Alaskan Senator's proposal. it's not her's to do what she prefers nor is it for the few people who's voices at the top can be sometimes louder than the almost 400 million Americans who also have a say in this. We don't need to exploit this national natural treasure now above all, when the oil and gas company have a massive glut of supply and when we don't need more. We also don't need this ANWR oil when frankly fracking in the lower 48 is more effective - not that I advocate fracking but given the choice go where less damage occurs.

Please don't do this -

Sincerely,  
Clara Nancy Hsu
