To whom it may concern,

I am writing to let you know that I am opposed to drilling in the Coastal Plain. As a student of sustainable development and a lover of nature, the wildlife and landscape that occurs there is invaluable and is one of the last places on Earth where we can see such natural beauty. I implore you to stop drilling before it starts and preserve one of the great features of the Alaskan state. I stand with the Gwich'in and hope that you will take my thoughts into account.

Best,  
Chelsea Jean-Michel
