Hi Nicole,

I have approximately 10,000 comments on the Notice of Intent to Prepare an EIS that are due on the 19<sup>th</sup>. In the past, BLM has preferred to receive these comments in PDF format on a thumb drive. I wanted to make sure that this format was appropriate and preferred for these comments. Additionally, I wanted to see if the comments could be hand delivered somewhere in the Washington, DC vicinity or, if not, is there a preferred method of overnighting them?

Thank you.

Joe Jansen
