Hello I am writing you today to implore you to stop any further moves towards developing the Alaska Arctic National Wilderness Wildlife Refuge. The name says it all. How can such a clear and concise designation go misunderstood by those that have been engaged to protect places like this on behalf of all citizens. Please read the Constitution. For the benefit of a few already rich you are willing to destroy for the many. The thought of it is quite sick and deranged. If you have a religion than ask your representative and then ask your God with humility and honesty. And you will see the light. Thank you.
