I am adamantly OPPOSED to the Coastal Plain Oil and Gas Leasing Program in the Arctic National Wildlife Refuge.

Fossil Fuel Technology is outdated and attempting to gain profit from the last gasp efforts to harvest dirty fuel from the Tar Sands and to drill for oil and gas in the sacred lands of ANWR is killing this planet.

Act on the side of Life. Act with moral integrity. Protect the Porcupine Caribou Herd breeding grounds, the lives of Polar Bears, and all plants and animals living on the Coastal Plain. Stand with the Native Peoples who depend on the caribou for all aspects of their lives.

Do NOT feed the greed of the oil and gas industry.

Support Life. Support clean alternative energy development.

Be Wise. Be Kind.

Stop this tragedy of plundering one of the last remaining wild areas.

Thank-you for an opportunity to voice my concern.
