Dear Sirs:

Please do not drill in this beautiful place; I know you are located in Anchorage, AK so you probably know even better how fragile this environment is. There are other places to drill and I am hoping you will be courageous and pass this one. I am 83 years old and have seen many beautiful places, including those in Alaska—like Denali. I don't travel any more but I hope this can be saved for my grandchildren and great-grandchildren. I don't live in Alaska, but I vote and these short-sided one-sided decisions can and will be changed.

Sincerely,

Mrs. Beverly M. Kent
