Hi Eileen

Can you guess them?

Thanks

Roberta

Subject: [EXTERNAL] Drilling in the Arctic Refuge

To: AK_AKSO_Public_Room@blm.gov

We wish to let you know that we strongly oppose drilling in the Arctic Refuge. The many harmful consequences of lease sales on the coastal plain of the Arctic Refuge threaten fish, wildlife, clean water, small business, trans-boundary conservation, and Alaska Native cultural and subsistence rights. And there is the added greenhouse gas pollution at a time when US oil production is soaring and the global climate is destabilizing. Simply put, drilling in the Arctic Refuge defies economic reason and goes against any measure of public interest.

Thank you for your time and attention, Joan and Phil May
