To: "blm\_ak\_coastalplain\_eis@blm.gov" &lt;blm\_ak\_coastalplain\_eis@blm.gov&gt;

We should not develop this area. This is pristine area that needs to be saved for Arctic Wildlife, Birds, Fish. They are facing impossible odds with climate change, they do not need to deal with oil and gas exploration. Development of the coastal plain will bring oil spills which will be virtually impossible to clean and or remove from a spoiled pristine coastal plain.
