I am a retired cardiologist and my wife Susan is a retired nurse. We are natural born citizens and registered voters in Bothell, Washington. We have educated ourselves on the merits of continuing to protect the Arctic National Wildlife Refuge from oil and gas drilling. It is our firm conviction that drilling there is in no way necessary and in fact would be a big mistake, both now and especially for the future. Please change your course and continue the protection from drilling that the Arctic Refuge deserves.

Thank you for your consideration.

Herbert B. and Susan M. McDonald
