To whom it may concern, I am writing to voice our opposition to plans to sell ANWAR land to highest bidder in order to allow oil/gas drilling. This land belongs to all Americans and is a pristine reserve for many animals and plants as well as native peoples. Currently the US has a surplus of petroleum reserves, making this move even more unnecessary. Thank you, William F. Meyer and Joyce N. Grage [1047 Cavalero RD, Camano Island, WA. 98282](#).
