I am writing to express my opposition to allowing drilling in the Artic National Wildlife Refuge. As an American citizen who has visited many wildlife refuges in the USA, I understand how important it is for us to keep these areas pristine and protected.

In a day and age where we should no longer be supporting development of more fossil fuels, there is no credible reason for opening ANWR to drilling. To do so is based on short-sighted greed, self-interest, and mismanagement.

Please DO NOT approve drilling in ANWR!
