STOP the ANWR Coastal Plain Oil and Gas Leasing Program

The ANWR is no place for oil and gas drilling, not now or ever. It is ill-conceived, dangerous and costly to sell out one of the last truly wild places on earth. We need to protect this area. There are no justifiable reasons that we must drill for oil in ANWR. The roads, infrastructure and inevitable spills will cause irrevocable damage. The US Fish & Wildlife Services concluded this in their 2015 review.

Please protect the beauty, wildlife and wildness of this area by rejecting leases for oil and gas drilling in the ANWR.
