To: blm\_ak\_coastalplain\_EIS@blm.gov

To whom it may concern:

This Refuge is one of the last, true wild places on this planet. With an exploding human population and an ever increasing demand for energy, we must find a better way to to meet the needs of humanity. Alternative fuels and protections for future generations must be the dialogue of today. This planet and its creatures are counting on these moments.

Sincerely,  
Benjamin Belcher
