TO: Nicole Hayes

The Trump Administration's attempt to rush the environmental review process for drilling in the Arctic Refuge would put critical wildlife in jeopardy and ignore Alaskan native populations. Moreover, this reckless giveaway of one of our last great wilderness areas is likely to yield less than four percent of the revenues proponents claim could be raised. Protect the Arctic Refuge!

My comment is in response to the 60-day comment period for the environmental review process.

Thank you.

Nancy Beavers
