Dear BLM EIS Representatives,

I am supportive of an Oil & Gas Leasing Program on the Coastal Plain as described in the following presentation.

- https://eplanning.blm.gov/epl-front-office/projects/nepa/102555/145751/179460/CoastalPlain_Scoping_Presentation.pdf

This is a very important project to ensure decades of economic sustainment and growth for Alaskan's and Alaska. Please continue working on allowing this very important economic opportunity to be developed.

Sincerely,

-Travis Peltier
