HOW DARE YOU SELL OUT THE HUMAN RACE FOR PROFIT!!! We are near the point of no return, in the fight against climate change. If you go through with this, MILLIONS of innocent people will suffer from rising sea levels, longer droughts & deadlier storms! You will all be remembered in the history books as the selfish bastards responsible for the death of our planet!

If you truly care about protecting my future, you will tell fossil fuel executives to go to HELL.

If not, then please kindly tell your fake President to go and drown in his soon-to-be underwater Mar-A-Lago resort!!!
