To Whom It May Concern,

It has come to my attention that drilling for oil is proposed in the Arctic Refuge. I am just learning of the efforts that have been made on my behalf, as an American citizen, to prevent the devastation and spoiling of such a naturally diverse and beautiful region.

Please consider and invest in developing other forms of energy. Drilling in the Arctic Refuge is not wanted and is more harmful than helpful.

Thank you for taking the time to read this email.

Sincerely,

Mandy Pierce
