Dear Madame or Sir,

I am writing to ask you to NOT move forward with any kind of work pertaining to future oil drilling in the Arctic National Wildlife Refuge.

As you are aware, this travesty is only happening because a provision was snuck into the 2017 tax package by Senator Murkowski. It never would have passed on its own, as has been proven time and again. Most Americans do not want one of the last truly untouched places left to become ruined by all the activity required to look for and then drill for, oil. And there is no need for this. The most promising places to look for oil are in the lower 48 states, not Alaska. And especially not in ANWR.

Drilling in ANWR is wrong. Please, do the right thing and stop this now. Do not move forward with leasing land or any other activity that begins oil production in the Arctic Refuge.

Thank you for your time and consideration.

Best Regards,

Kara Pomeroy
