To: blm_ak_coastalplain_EIS@blm.gov

To whom it may concern: The Arctic Refuge is a national treasure, a priceless, irreplaceable natural environment. It should be protected forever. I hope, like most Americans, to have the natural wonders of this country still intact for my children and grandchildren. I assume you and your staff have families, too. Let us keep them in mind as we make decisions about the world we leave them.

No drilling in the Arctic Refuge. Period.

Thank you for your consideration.
