To: "blm\_ak\_coastalplain\_EIS@blm.gov" &lt;blm\_ak\_coastalplain\_EIS@blm.gov&gt;

To Bureau of Land Management:

The United States does not need the oil/gas in America's last "frontier"!

This unique area should not be leased to the oil/gas companies to provide a resource we do not need!

So I ask the BLM to completely abandon plans to develop this resource in this very sensitive ecological area in Alaska.

This is a resource "owned" by all Americans and should be preserved in it's entirety for future generations. We cannot reclaim this area if it is destroyed by development!

Thank you for listening to my concerns.
