Dear Bureau of Land Managment,

Unbelievable. Have you not heard that oil and water don't mix. I strongly oppose efforts to develop an oil and gas program in the Arctic National Wildlife Refuge.

Drilling in the refuge area threatens a larger ecosystem and puts the clean water used by fish, birds, mammals, and yes even human beings.

When the impact is evaluated, there is zero reason to allow oil and gas development.

Sincerely,

Elizabeth Sexton

Clarkdale, AZ 86324
