To: blm\_ak\_coastalplain\_EIS@blm.gov

The Arctic Refuge is a pristine habitat for birds, caribou and much other wildlife. Why on earth would any moral, intelligent person think this is a good place to drill for oil or gas! It's all about making money and caring NOTHING for our planet and preserving wildlife and precious natural habitat for our children/grandchildren. This should be a no-brainer, for anyone with brains. Drilling WILL affect these animals. There WILL be oil spills, ruination of land from machinery/people and pollution from these. Please DO NOT DRILL IN THE ARCTIC REFUGE!

Thank you.
