Re: Notice of Intent To Prepare an Environmental Impact Statement for the Coastal Plain Oil and Gas Leasing Program, Alaska

I am completely against all oil and gas drilling in Alaska's Arctic National Wildlife Refuge (ANWR). Not only will this be environmentally disastrous but it is also economically backwards, as the rest of the world is moving on to cleaner energy sources. This will not benefit the American public one bit and will only cause long term harm.

Do not drill in the Arctic National Wildlife Refuge.
