Sirs,

Request you stop proceeding with the proposed bill to drill in the Arctic Refuge. Why ruin pristine country for the sake of a paltry few million dollars. Just read an article in the Seattle Times from Sally Jewell the previous Secretary of the Interior and think her to be well qualified in her opposition to drilling in this part of the world and believe what she says. It's not worth drilling for \$50 million as her article suggests. We happen to know Sally very well and believe her analysis.
