My name is Jan Shillito and I am a resident of Michigan. I am a birder and lover of nature and wildlife. I am unequivocally opposed to development and drilling in the Arctic National Wildlife Refuge. This pristine wilderness is home or breeding grounds to many species of birds, plants, and animals that cannot be found or cannot breed anywhere else on earth. This is the only earth that we have and once it is gone, we can't get it back.

I ask that you please not continue with this plan of opening the ANWR up to drilling.

Thank you.
