Dear Secretary Zinke and President Trump

I am writing to oppose any new gas and/or oil leases in the Arctic coastal plain.

I strongly oppose your efforts to open the Arctic National Wildlife Refuge to oil drilling and call on you to reverse course immediately. We can't let this pristine public land be destroyed just for the sake of fossil fuel industry profits.

One of the last completely unspoiled wild places on earth, the Arctic Refuge is irreplaceable. It's home to most of America's denning sites for pregnant polar bears, the birthing ground for the Porcupine caribou herd, and vital to the culture and survival of the Gwich'in people.

Please protect our communities, our animals, our planet. I urge you not to open the arctic to drilling.

Sincerely,

Tamara
