IN SHORT...

I am NOT in favor of opening the Arctic National Wildlife Refuge to oil and gas leasing.

The Refuge is too valuable as a wild place—to the Native population that makes its home there, to the wildlife Mother Nature has placed there, to our nation's future, and to the health of our planet.

Additionally, it's quite obvious that our nation has sufficient oil and gas resources in the Lower 48 to cover our industrial and national security needs.

Let's not get ahead of ourselves.

Respectfully,

David Turrill
