My name is Kathy Trump and I live in Talkeetna, Alaska. I am opposed to drilling in the Arctic National Wildlife Refuge. The plan to drill is being fast tracked and I am worried that this rush will create mistakes. The Environmental Impact Statement needs to be thorough using scientifically sound methods. The Arctic National Wildlife Refuge is the United States last track of wilderness and must be treated with deference and care. I also request a No Drill option be included. Thank you for reading my comments.
