Ms. Mouritsen,

I am writing to express my opposition to drilling in the Arctic National Wildlife Refuge. I am a wildlife biologist and hunter and as such, I treasure the wild and untouched places our nation has collectively decided to preserve. Developing oil and gas in such a unique and special place goes against one of the pillars of America that make this country special: our recognition of how important it is for the American spirit to set aside wild places and protect them from development. I urge you to keep the Arctic National Refuge intact as a pristine landscape for the generations to come.

Thank you,  
Carmen Vanbianchi

Winthrop, Washington
