To: blm\_ak\_coastalplain\_EIS@blm.gov

I am writing to you today, to add to a record of opposition to drilling in the Arctic National Wildlife Refuge:

The Arctic National Wildlife Refuge is one of the LAST wild places. It is a treasure. We should treat the land as such: to leave it wild, so that future generations can enjoy this remote refuge, and also to simply “know” that one last wild place still remains untouched by human exploration.

**I am opposed to drilling in the Arctic National Wildlife Refuge.** I am upset that something this important is being rushed through. The EIS needs to be thorough and complete scientifically speaking and include a “[No Drill](#)” alternative. Comment periods need to be long enough to allow the public to digest and write substantive comments on the EIS.
