Hello. I am rather plain spoken so briefly I want to add my voice to those of hopefully more articulate folks than myself... to leave the Arctic Wildlife Refuge WILD and a REFUGE.

Alaskans are blessed to have the natural spaces we have. Visitors from all over the world comment on that. The Coastal Plain is significant for so many reasons and I'm sure you have heard them already. The Gwichin, Caribou, Polar Bear...

It's time to move away from nonrenewable energy.

I have lived here almost 40 years. I love the wild of this land. Even if I don't get out there I love living in a place that still has wildness.

Please leave it alone. Do not allow it to be exploited for the short term. Think big, thing future.

Thank you,
