[EXTERNAL] SAVE THE ARCTIC NATIONAL WILDLIFE REFUGE1 message

To whom it may concern:

There is only ONE Arctic National Wildlife Refuge and there are significant Alaskan Native populations who depend on it. We MUST preserve the land as it is, for it is a jewel that, once defiled, will be gone FOREVER.

We MUST value and save these lands and the people who depend on them. Doing the opposite for the money is extremely short sighted and would be a decision that future generations will absolutely regret.

WE MUST HAVE THE COURAGE AND THE VISION TO DO THE RIGHT THING.

Please, I beg you, SAVE THE ARCTIC NATIONAL WILDLIFE REFUGE.

Sincerely,
Matthew Wilson
