Dear BLM Alaska,

As an American taxpayer I'm horrified that my government decided to Give Away ANWR to oil interests... in the name of giving me a small tax cut. Really?!? It's Big Oil that profits (and a few billionaires now become richer!) but the planet suffers. That means it's my kids who suffer in the long run - as well as the Gwich'in Nation. Please please think before you decide to allow something that can't be undone. No drilling at they very least in the sacred coastal plain of the Arctic Refuge.

Have you no shame... at long last have you no shame in your rush to destroy nature?

I'm sure future generations will appreciate your diligent efforts to harm the planet in order to benefit short term corporate greed.

Oh, and Happy Earth Day.

Sincerely,

Diana Wheeler
