I'm opposed to any & every form of oil & gas exploration & drilling on ANWR's Coastal Plain. It's the essential home of a multitude of resident & migratory species who rely on undeveloped land & water. No drilling should ever be allowed.

I believe all of ANWR should be protected against development because it's more valuable as habitat than the oil and gas that may be beneath it.

I am an American citizen and I'm a stakeholder.

Please accept my comments and keep me informed on this proposal.
