I am a Canadian citizen and I am STRONGLY AGAINST opening the Arctic National Wildlife Refuge to oil and gas development. That this is even being considered is horrific and disturbing. The loss of these lands and the wildlife and plant life that lives there would be a monumental tragedy.

To all who think that money and oil are worth more than the environment, than the delicate ecosystems that have sustained themselves for so long, SHAME ON YOU. Your names will be remembered and spoken with disgust and disdain forever, for as long as we can continue to exist on this polluted and damaged Earth.

Do better. ESPECIALLY you Justin Trudeau, Chrystia Freeland and Cath McKenna. Shame on you.

Kind regards,
