To: blm\_ak\_coastalplain\_EIS@blm.gov

To whom it may concern, BLM:

I am concerned about the process used to obtain public comment on this development. The "N" in ANWR stands for "National", but yet the public hearings on the issue are far from nationally held. There are 6 in Alaska (the "A" in ANWR stands for "Arctic", not "Alaska") and only 1 in the entire rest of the country. This refuge belongs to all of the people of the country, not just Alaskans. They deserve an opportunity to have their voices heard and hear the plan, just as we do. This is undemocratic.

Please schedule hearings on this matter in other places around the country immediately.

Thank you,  
Sandra Lee Zirnheld
