Please do not drill in the pristine areas of the arctic. We do not need to extract the potential oil here. It is an amazing wilderness filled with animals that will never be the same if drilling is allowed, let alone the risk for oil spills which we all know is inevitable. We have a surplus of oil now and the world is moving toward alternative energy. Please do not upset this fragile ecosystem; it is one of the few remaining untouched areas.

Respectfully,

Dena Maguire Young
228 River Dr.
Dahlonge, GA 30533
