Public Disclosure. Before including your address, e-mail address, or other personal identifying information in your comment, please be advised that your entire comment, including your personal identifying information, may be made publicly available at any time. While you may request that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments:

The caribou deserve to pristine
and natural area to continue to
calve.
95% of the Arctic is already open to
oil + gas development and Alaska is
thawing 2 times faster than the rest of the
world.
We are already on a sinking ship!
